Existing amenities i.e schools, doctors etc and infrastructure roads could not cope with another 100+ properties, which would add an additional 250 adults and children. Given the flexibility mentioned, I propose that the WDC remove the additional dwellings in our villages from the Plan.

The villages of Hampton Magna and Hampton on the Hill are an area of outstanding village character within the GREEN BELT. For this reason they should be removed from the Plan (see PO4)

The road through the 2 villages is currently overloaded, with the car park extension at Warwick Parkway station another 222 cars will create even more traffic. The WDC state they wish to mitigate against negative transport impacts, more housing will only add to the congestion on these narrow roads. The Parish is already under extreme pressure from commuter 'rat run' traffic. WDC & WCC Highways need to find measures to limit the volume and control the speed of traffic.

To remain villages the rural character of Hampton Magna and Hampton on the Hill must be preserved by keeping them in the GREEN BELT. The current amenities and infrastructure shortcomings cannot support additional development. The 2 villages should be removed from the Plan (see PO 4)
