Support

Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

If "green belt land" is set aside for a purpose - please explain, publicly, the need to erode that land and build houses on it when building land in another part of town is already available.

Is money challenging hands, or pressure being put on council members from "the developers"? - this does not sound good, whichever way one looks at it!!

I object to "green belt land" being used until all available building land has been used.
