Leamington Spa has historically received the benefit of good planning, the attractiveness of the town is a testament to this. The designation of 'greenbelt' areas has been put in place to protect this environment. We all benefit from the provision of easy access to countryside, the sight of trees and green space is a proven necessity to the well being of a town and its inhabitants!

Whilst more housing - especially affordable or social is a necessity - but sites have already been identified east of Bangra way (A452) Mouthwate and Bishops Tachbrook where individual sites have been cleared and are in need of development!
