I object to the development of Lowes Farm woodloes for the following reasons.

The erosion of Green belt land.

The destruction of the historic area from woodloes lane to Piers Garesan wood.

The disruption of the existing wild life including the pond life at the lower field, foxs, many types of birds and Bats!

We have invested a great deal in our property which has been extended with a balcony which give us uninterrupted views as far as Piers Garesan woods. What views will we now be left with?

We purchased our house sixteen years ago for its location which has no front access but is graced with the small copse to the front giving us a very quiet and private plot. Who is going to compensate us for our investment and depreciation of our property with an "affordable" housing estate and travellers site on our doorstep and access road in our front garden!

Who is going to employ the population influx when a great deal of industrial premises already stand empty!

How is the road system going to cope when it takes 45 min to get from Woodlaes to Forbes as it is! (rush hour).

✓ The Woodlaes school is already jelled to capacity and hazardous for any child being dropped at school in the mornings.

No green boundaries will be left to separate Warwick - Leek Wootton - Kenilworth.

Why is this necessary when Portobello and Chase Meadow remain half completed and not fully occupied. Where are these people coming from!
