As a Church attending Christian, I am glad to note your statements "plan positively for ... facilities (... places of worship)" and also "Local planning authorities should promote ... community facilities in villages such as... places of worship".

However, I am seriously concerned that there is no mention of "Places of Worship" in the P.O.17 policy.

To have places of worship noted in the statements supporting P.O.17 is good, but if not actually stated in policy, how do you intend to ensure this is actually delivered?

There has been clear evidence supporting the fact that a healthy community needs places of worship. As a believer on the Lord Jesus I am concerned that places of worship are provided for the future; and indeed for all society.

I am in support of this statement as education, and therefore good school premises, are vital to healthy communities.

I would like to see the quote from the NPPF below carefully considered and included as this area is taken forward.

NPPF. Pg. 36. Point. 127

"Local authorities should take a proactive, positive and collaborative approach to the development of schools by working with schools promoters to identify and resolve key issues before applications are submitted. In determining planning applications for schools, local planning authorities should: • attach very significant weight to the desirability of establishing new schools and to enabling local people to do so"
