If the housing plan goes ahead the natural hedgerows & green land will be lost forever. I think this will have a huge impact on the wildlife, insects and wild flowers.

Secondly all of the main roads in and out of Warwick are gridlocked every working day morning & evening which in turn causes high pollution levels. This planned new development will feed into one of these main roads which only exacerbate the problem.

I feel strongly that the policy should be to build on brownfield areas rather than using the ever disappearing greenbelt, once taken lost forever to our future generations.

Also we must protect the variety of trees we have in the area especially the grand old oak trees along the lane.
