The Council consulted the community on the number of homes to be built last year + the clear preferred community option was for 250 homes per year not 555.

The Council states that it decides on the level of growth 'by looking at economic + household projections' but such projections are (i%) of dubious value - you can make a case for anything by selective use of statistics (ii) not owned by the community.

Since we were consulted last year + gave our view on the options I would expect the Council to act on that view - if 250 homes per year wasn't a viable option why were we consulted on it last year?

The level of growth is unacceptable - like Warwick because it is a small (ish) town. If I wanted to live somewhere bigger I'd move to Coventry.

I object to the Council's reckless ambition to ruin our green belt around our towns. If housing is the driver why allow developers to build a supermarket at the old Ford site? The continuing empty units at the Potterton site (after 5 years!) is another example of the dubiousness of 'economic + household' projections.

Incidentally - the cover of the summary booklet is in very poor taste: a tree, leaves, birds + butterflies - the very things this local plan will destroy!

Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

There are abundant reasons for objecting to the development at Loes Farm, Warwick:

- Environmental - there are many species of flora + fauna, mature trees + a wide selection of grasses + hedgerow plants. This is an important local area of biodiversity.
- Heritage - there are 'anglo-saxon ridges' + the site borders the Gaveston monument on Blacklow Hill. The site is opposite Guy's Cliffe Hoop + will be clearly visible.
- Visual appearance - the proposed development would ruin the natural beauty of this northern way into Warwick
- Encroachment - whilst the current proposal doesn't leave the land next to the County Rd it would be more likely that this will be the subject of future development if this development goes ahead.
- Traffic - the development will add maybe another 300 cars to the road at peak times. The road will be even more congested.
- Local opposition - the community expressed its objection to this proposed development at a public meeting on the road last week. There were about 100 people there - the council should not ignore the wishes of local people.

Guidance on Making Representations

- Please use the attached response form as it will help the Council to keep accurate and consistent records of all the comments on the Plan, alternatively complete online at www.warwickdc.gov.uk/newlocalplan
- If you wish to make comments on more than one aspect of the Plan, please use a separate copy of Part B of this form for each
