What is the nature of your representation?

Support

Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

Radford Semele has undergone steady organic growth over 35 years since the conversion of the old wartime Coventry Radiator site which was a great improvement. More recently the conversion of Radford Hall, Church End and the Melville development improved the quality of the village (The demolition of the School was however regrettable.)

These developments have contributed to the social activities of the village and help to give the village that distinction which separates it from much of urban life.

To add 100 Houses, 200 plus people, 200 Cars as an addition within about three years is unacceptable.

I do not want to see Radford Semele joined to Leamington Spa or any development in that direction. There is still beautiful countryside between these built up areas and views to Chasterton.

Any further closure of this gap would diminish our quality of life unbelievably.
