I object to the plan for a number of reasons. The proposed site is green belt and development would undoubtedly destroy the local habitat. The hedgerow is of historic importance and destruction of this would contravene the Hedgerow Act 1997 under section 97 of the Environment Act 1995.

The council carried out an assessment in 2008 and stated that the land is NOT favorable for development due to a significant number of mature trees, the hedgerow and the environment for yellow ants and newts.

The Millennium way walk also crosses the site and development would reduce the ability to walk and enjoy the rural environment.

Green Belt land is set aside to protect the countryside and to prevent urban sprawl. The proposed plan is set to destroy this and would eventually ^{lead to} ~~merge~~ Warwick and

Leek wotton merging therefore destroying historic warwick
Warwick is losing its identity and further development
would blur the boundaries.

Traffic is already a problem in warwick and the coverts
Road is often congested. Primrose Hill is already an area
where accidents have occurred so additional traffic would
heighten this problem.

We have recently received crime leaflets warning us of
increased crime. Warwick Police station no longer exist so
how would emergency services deal with a greater population?
Warwick has already seen large developments in recent years
such as Warwick Falls and Chase Meadow - when will
this sprawl and destruction of warwick heritage stop?

It has been identified that there are mistakes in the main
plan as the maps vary. There is obviously no thought in
creating a suitable and sustainable plan to meet the
community needs and protecting historic warwick.
