7. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

It is considered that the policy as drafted is unnecessarily restrictive and inflexible, and as a result the Plan will not deliver the level of windfalls required to meet the housing needs of the District. The Plan therefore is ineffective and unsound.

There is no sound justification for artificially limiting the scale of development to 2 dwellings as proposed by criterion a). Larger infill and other small scale schemes should be capable of consideration on a site-by-site basis without harm to the character of a village or to the Green Belt.

A review of the characteristics of the settlement form of Stoneleigh reveals that it is not solely of a linear nature and there are examples of development behind main road frontages, such as Church Lane. The requirement therefore in criterion b) that development should comprise the infilling of a small gap fronting a public highway is inappropriate in the case of Stoneleigh. In Stoneleigh it is considered that development could satisfactorily take place on land which does not front a public highway without harming the character of the village or the Green Belt.

It is considered that criterion c) is redundant in that the impact of proposed development is to be considered under other policies of the Plan.

8. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The three criteria in Policy H11 should be deleted and replaced with words along the lines that infill and other small scale proposals will be permitted within the defined village envelopes of Limited Infill Villages where they comply with other relevant policies of the Plan.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.**
