Dear Mrs Coldicott

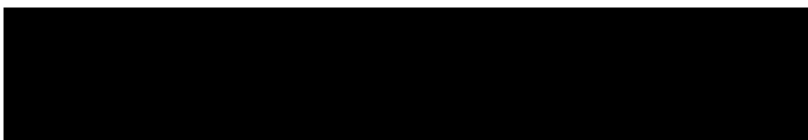

RE: TRAVELLER SITE PROPOSAL STRATFORD ROAD WARWICK

We understand that your Council is considering the above site as a possible location for a permanent gypsy and traveller's site. Please accept this letter as formal objection against such a proposal.

As the owners of Tournament Fields, we are very concerned that such a "neighbour" is perceived as having negative connotations from prospective occupiers considering locating on our site. Whilst we may be out of recession, the economy is still in a delicate state producing challenges in securing the next occupier for Tournament Fields and having a Traveller's site practically opposite would certainly not help us.

Warwick District Council consider Tournament Fields to be your prime prestigious employment site in the district, and we would hope that your Council takes this into consideration by allocating the gypsy and traveller's site elsewhere.

Yours sincerely

**PAUL SHANLEY
DIRECTOR**
