This location is for housing in the Green Belt. This is not justified and not in accordance with national planning policy. Need for housing will rarely be sufficient to constitute the very special circumstances required for inappropriate development in the Green Belt. In July 2013, the Local Government Minister Brandon Lewis said in a Commons Written Statement that 'The single issue of unmet demand...is unlikely to outweigh harm to the green belt and other harm to constitute the 'very special circumstances' justifying inappropriate development in the green belt'. The DCLG Policy Statement of October 2014 states, 'The local planning authority should prepare a strategic housing land availability assessment to establish realistic assumptions about the availability...of land...and take account of any constraints such as green belt which indicate that development

should be restricted and which may restrain the ability of an authority to meet its need'. This is detailed in Planning Practice Guidance issued in October 2014, on 'Housing and economic land availability assessment' at paragraphs 034, 044, and 045.

Taken together, development of the H27 and H51 plots for housing would represent a huge extension of the village into Green Belt and open countryside to the south and east, and undermine the gap between Hampton Magna and Warwick which remains important visually, and effective. Hampton Magna was development was a previously-developed site in the Green Belt, being the old Warwickshire Regiment Hampton Barracks, 50 years ago. It was not allowed to spread onto open land then. No extension should be allowed now.
