Modification or SA:	<input type="text" value="Modification"/>
Mod. Number:	<input type="text" value="Mod 6"/>
Paragraph Number	<input type="text" value="Policy DS7"/>
Mod. Policies Map Number:	<input type="text"/>

5. Do you consider the Local Plan is :

5.1 Legally Compliant?	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
5.2 Sound?	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>

6. If you answered no to question 5.2, do you consider the Proposed Modification is unsound because it is not:

(Please tick)

Positively Prepared:	<input type="checkbox"/>
Justified:	<input type="checkbox"/>
Effective:	<input checked="" type="checkbox"/>
Consistent with National Policy:	<input type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

Warwick District Council has allocated a number of additional sites for housing through the Proposed Modifications document to meet an increased housing requirement of 16,776 dwellings (2011-2029). This includes a number of Green Belt sites.

Mod6 states that in total 9,369 dwellings are to be delivered on sites allocated in the Plan bringing the total provision to 17,577 dwellings.

Whilst we acknowledge that the identified housing land supply (17,577 dwellings) is above the agreed objectively assessed housing need for Warwick District (16,776 dwellings) and therefore allows for some flexibility if allocated sites fail to come forward or are delivered with reduced capacity, we consider that the proposed housing land supply does not provide a sufficient degree of flexibility to significantly boost the supply of housing in the District.

The proposed supply is only 801 dwellings above the identified requirement. This represents less than 5% of the District's overall housing need and in our view is not sufficiently flexible to ensure that the Local Plan can readily adapt to changing circumstances.

It is considered that the Local Plan is not effective as it risks not delivering the full objectively assessed housing requirements unless additional sites are allocated to provide for a greater choice of sites and increased flexibility to respond to change.

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Local Plan should allocate a greater number and range of suitable sites to provide sufficient flexibility to ensure that the District's full objectively assessed housing needs are delivered over the plan period.

We consider that land off Home Farm in Leek Wootton and land off Friends Close in Baginton (see attached Site Location Plans) are two suitable and sustainable development options and should be included in the Local Plan as additional housing allocations.

Land off Home Farm, Leek Wootton

We have promoted this site through the Local Plan as a suitable housing site and have submitted representations to consultations on the Village Housing Options and Settlement Boundaries (November 2013), Publication Draft Local Plan (May 2014), Publication Draft Focused Changes (October 2014) and most recently to the SHLAA 'call for sites' process.

The site was assessed in the Council's 'Village Housing Options and Settlement Boundaries' consultation, but was dismissed by the Council on grounds of poor site access, heritage and landscape impacts. The report considered that the development of this site would result in the loss of an important Green Belt parcel which fulfils a valuable role in maintaining the open space between settlements.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Continued from previous page

Our representations have shown that the site's constraints can be overcome and that a high quality and sustainable housing development can be achieved on the site with limited impacts on the Green Belt.

An appropriate access to the site from Home Farm can be provided as shown on submitted Masterplan. Detailed consideration has been given to providing a sensitively designed scheme on the site which limits impacts on the Green Belt to the south and west. Measures to reduce visual and landscape impacts include the provision of a low density development consisting mainly of one storey bungalows and the inclusion of significant areas of landscaping along sensitive boundaries.

The site lies at the edge of Leek Wootton, one of the growth villages in the District, where the Local Plan seeks to focus some of the housing growth. The western edge of Leek Wootton has been acknowledged as an appropriate location for growth with land just to the north of the Home Farm site allocated for housing in the Proposed Modifications document.

The Home Farm site provides a highly sustainable location for development close to all village services and amenities and immediately adjacent to the allocated Former Police Headquarters site. It is readily available and deliverable and could help to meet housing requirements in the short term supplementing the allocated Former Police Headquarters site, which is likely to take some years to come forward.

Land off Friends Close, Baginton

We have promoted this site through the Local Plan as a suitable housing site and have submitted representations to the Publication Draft Local Plan (May 2014), the Publication Draft Focused Changes (October 2014) and most recently to the SHLAA 'call for sites' process.

The representations show that the site immediately adjoins the existing built-up area of Baginton, one of the identified Growth Villages, and lies within easy reach of all the village facilities and amenities. The Brethren's Meeting Room lies to the east of the site with the recently granted Free School just beyond.

The site is well contained by existing development to the north and east and substantial landscaping to the south and west. It provides a suitable option for a sensitively designed housing scheme complemented by new landscaping along the site boundaries. The development of this site together with the adjoining Meeting Rooms and Free School would result in a new logical and defensible long term boundary to the Green Belt.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Detailed engagement in discussions regarding housing site allocations.

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
