Land south of Westwood Heath Road

Representations to Proposed Modifications to the Publication Draft Warwick District Local Plan (Part 1)

on behalf of CEG

April 2016

Policy DS15 'Comprehensive Development of Strategic Sites'

- 1.1 The following representations have been prepared by Nexus Planning Ltd, on behalf of CEG, in response to the Warwick District Council (WDC) Regulation 19 Consultation on Proposed Modifications to the Local Plan (Part 1).
- 1.2 CEG controls around 129 hectares of land south of Westwood Heath Road, identified in part in the emerging Plan as Safeguarded Land (site ref. S1). We consider that site S1 could deliver circa 900 dwellings, with further development capacity on land to the south, as advocated in the Westwood Heath Garden Suburb Vision and Technical Annex (Appendix 1).
- 1.3 Policy DS15 requires that planning applications demonstrate how they accord with a Development Brief or a Layout and Design Statement (approved by the local planning authority). It is clear that this requirement applies to land at Westwood Heath (site allocation H42) and safeguarded land S1. The policy also requires that Development Briefs for a number of sites (including Westwood Heath) are broadly compatible with each other on a number of issues, including infrastructure. The NPPF is however clear at paragraph 85 that safeguarded land is not allocated for development and this is further confirmed at Policy DS NEW2 'Safeguarded Land' of the emerging Plan.
- 1.4 As such, the preparation of a Development Brief including safeguarded land S1 is not a viable option and would be seen to be allocating / making land use assumptions on future policy for an area. This could clearly be construed as going beyond the remit of supplementary planning documents or other guidance and instead, detailing matters which should be reserved for local development documents. Such an approach would be in conflict with the Town and Country Planning (Local Planning) Regulations 2012, namely Part 3, paragraph 5.
- 1.5 Furthermore, Policy DS15 details that community facilities must be "*quantified in the context of the development of this allocation and the potential wider area over the long term*". Again, with land only safeguarded it would not be possible to determine wider community facility needs or development impacts and nor could the Council force the owners to do so, having regard to the CIL Regulation 122 tests and paragraph 204 of the NPPF.
- 1.6 Given the above, the Development Brief required by Policy DS15 for land at Westwood Heath and safeguarded land S1 would have no planning status and would lead to the piecemeal development of a significant growth area. Such an approach would mean that the delivery of key infrastructure and services cannot be guaranteed or appropriately integrated into the area, and that the ability to deliver a high quality and sustainable neighbourhood

would be undermined. These concerns are also shared by the Council, as detailed in the supporting text to Policy DS15 (see paragraphs 2.67 and 2.68).

- 1.7 Policy DS15 is not therefore sound as it not 'justified' by failing to be the most appropriate strategy, and is not 'positively prepared' or 'consistent with national policy' for the reasons set out above.

Suggested Change

- 1.8 As detailed in our representations to Policy DS11, site allocation H42 and safeguarded land S1 should be combined to form a single housing allocation of up to 1,500 dwellings, with at least 425 dwellings to be delivered within the plan period. This would then enable Policy DS15 to be modified to require the preparation of a Development Brief or supplementary planning document for both sites to establish a number of key masterplanning principles, including phasing and infrastructure delivery.
