If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

Proposed modification is UNSOUND because it is NOT

1. Positively prepared

- Reaction from WDC appears to be put all of Coventry's overspill on the Coventry border but the build will remain under Warwickshire jurisdiction. The housing numbers could be dispersed into smaller localised groups of houses, giving a greater chance of community cohesion.
- The original Local Plan did not mention Kings Hill. this appeared as an amendment in February 2016.
- The extra housing was added to satisfy initial report from Inspector on cross border co-operation. There was no recommendation that WDC should take the large percentage of Coventry's unmet housing numbers.

PLEASE SEE ATTACHED EXTRA SHEETS

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- Reaction from WDC appears to be put all of Coventry's overspill on the Coventry border but the build will remain under Warwickshire jurisdiction. The housing numbers could be dispersed into smaller localised groups of houses, giving a greater chance of community cohesion.
- This application is expecting to producing 4000 new dwellings on Kings Hill because CCC claims not to have the land on which to build them.. WDC has decided to put all 4000 on H43..
- Apart from the problem of getting 4000 units on this site, there is a problem achieving social harmony within this 'New Town'. . Ideally, there should be no more than 24 new units in an established area.. Finham cannot support 4000 new dwellings.
- Given the set concept, there would need to be a Green Belt area separating CCC's boundary from this development. Detailed plans should be publicised to optimise any outcome.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
